ABOUT **REGA RESEARCH**

Rega Research has been engineering unique solutions to musical reproduction by creating products of lasting value and high performance for forty-seven (47) years. And, we're proud to say they're more capable now than ever before.

Rega started this year with a slew of new products like the Planar 10, Aethos, Apheta 3, and the new Ania Pro. Rega has updated the Aphelion MC cartridge to the even more extraordinary Aphelion 2, which is sure to please those seeking the finest vinyl experience.

Despite manufacturing disruptions, Rega has recently released two new products. The Aria Mk.3 gives the same great combination MM/MC phono stage, but in a newly designed case that matches other Rega electronics. The much anticipated io Integrated Amplifier has also made its debut and has been capturing the attention of audio reviewers and critics everywhere.

We've also added additional cartridge and turntable bundle options, giving you more options at every price point.

Performance, Durability and Value - it's the Rega way.

REGA TURNTABLES

Available in:

PLANAR 1 TURNTABLE

With a pre-set bias and a Carbon cartridge factory-fitted to the RB110 tonearm, the multi-award-winning Planar 1 can be set up in under 30 seconds and delivers incredible performance well beyond its price tag.

Planar 1 **MSRP**
\$475.00

Available in:

PLANAR 1 PLUS TURNTABLE

Rega's most "Plug and Play" turntable yet! This turntable offers the performance and style of the Planar 1 combined with an integrated phono stage based on the award winning Fono Mini. We install our excellent Carbon MM cartridge so you'll have out-of-the-box instant enjoyment.

Planar 1 PLUS **MSRP**
\$595.00

Available in:

PLANAR 2 TURNTABLE

Beautifully simple to set up, the Planar 2 is built on Rega's stunning acrylic skin plinth. Featuring the handmade RB220 tonearm, low-noise motor and 10 mm glass platter with a factory-fitted Carbon cartridge.

Planar 2 **MSRP**
\$675.00

REGA TURNTABLES

Available in:

Black

PLANAR 78 TURNTABLE

The single speed Planar 78 has been designed to achieve outstanding performance way beyond the expectations of a product at this price. Fitted with an RB220 tonearm; choose our RB78 cartridge and your 78 rpms have never sounded better.

	MSRP
Planar 78	\$645.00
RB78	\$810.00

Available in:

Black

White

Red

PLANAR 3 TURNTABLE

The iconic Planar 3 comes fitted with the handmade precision RB330 tonearm. What Hi-Fi's Product of the Year four years running, the Planar 3 is engineered to bring your music to life. Choose our prefitted Elys 2 cartridge for a serious performer.

	MSRP
Planar 3	\$945.00
Elys 2	\$1,145.00

Available in:

Polaris
Grey

PLANAR 6 TURNTABLE

The Planar 6 has one goal; to reproduce your vinyl as accurately as possible. Constructed around a unique ultra-light foam core plinth, The P6 features the RB330 tonearm and a dual layer float glass platter. Choose an award winning cartridge for sonic matching at its best.

	MSRP
Planar 6	\$1,595.00
Exact	\$1,995.00
Ania	\$2,195.00
Ania Pro	\$2,495.00

REGA TURNTABLES

Available in:

PLANAR 8 TURNTABLE

New high-rigidity HPL laminate Tancast 8 plinth is the perfect platform for the RB880 tonearm, bearing assembly, and triple later float glass platter. Supplied with custom matched Neo Power Supply.

	MSRP
Planar 8	\$3,095.00
Ania	\$3,695.00
Ania Pro	\$3,995.00
Apheta 3	\$4,395.00

Available in:

PLANAR 10 TURNTABLE

Using double-braced technology on a skeletal Tancast 8 plinth, diamond-cut ceramic platter, and hand-polished RB3000 tonearm, Rega has created the ultimate turntable. Comes with matched PL10 PSU for perfect speed rotation.

	MSRP
Planar 10	\$5,695.00
Apheta 3	\$6,695.00
Aphelion 2	\$9,695.00

REGA TONEARMS

Available in:

● Black

RB880 TONEARM

One-piece aluminum conical arm, high precision wand, high precision balance, adjustable anti-skate bias & VTF.

RB880

MSRP

\$1,195.00

Available in:

● Silver (Polished Aluminum)

RB3000 TONEARM

Hand polished aluminium one-piece arm wand, high-precision zero-tolerance bearings, dynamic balance, adjustable anti-skate bias and VTF, all metal construction.

RB3000

MSRP

\$2,195.00

MOVING MAGNET CARTRIDGES

RB78 MONO CARTRIDGE

Output: 6.8 - 7.2mV
Stylus: 78 profile
Fixing: Standard, two screws
Coils: High spec parallel wound coils
Color: Black
Tracking Pressure 1.75g

	MSRP
RB78	\$165.00

CARBON MOVING MAGNET CARTRIDGE

Output: 3.5mV
Stylus: Conical
Fixing: Standard, two screws
Color: White
Tracking Pressure 2-3g

	MSRP
Carbon	\$65.00
Replacement Stylus	\$45.00

BIAS 2 MOVING MAGNET CARTRIDGE

Output: 6.8 - 7.2mV
Stylus: Elliptical
Fixing: Standard, two screws
Coils: High spec parallel wound coils
Color: Red
Tracking Pressure 1.75g

	MSRP
Bias 2	\$165.00

MOVING MAGNET **CARTRIDGES**

ELYS 2 MOVING MAGNET CARTRIDGE

Output: 6.8 – 7.2mV
Stylus: Elliptical
Fixing: Rega three point fixing
Coils: High spec parallel wound coils
Color: Blue
Tracking Pressure 1.75g

Elys 2	MSRP \$295.00
--------	-------------------------

EXACT 2 MOVING MAGNET CARTRIDGE

Output: 6.8 – 7.2mV
Stylus: Vital. Complex fine line micro-ground from a rectangular diamond billet.
Fixing: Rega three point fixing
Coils: High spec parallel wound coils
Color: Yellow
Tracking Pressure 1.75g

Exact 2	MSRP \$595.00

MOVING COIL **CARTRIDGES**

ANIA MOVING COIL CARTRIDGE

Featuring a super high-powered, neodymium magnet and a coil meticulously hand wound on to an iron cross. The Ania is housed in a unique PPS highly rigid body and features Rega's Elliptical profile stylus.

Ania

MSRP

\$795.00

ANIA PRO MOVING COIL CARTRIDGE

NEW FOR 2020! The Ania Pro uses Rega's advanced Vital profile nude diamond stylus for increased surface contact yielding greater musical detail and reduced noise floor. Housed in a highly rigid PPS body.

Ania Pro

MSRP

\$1,095.00

MOVING COIL **CARTRIDGES**

APHETA 3 MOVING COIL CARTRIDGE

NEW FOR 2020! Featuring a new Fine Line profile nude diamond stylus and undamped micro mass generator, this handmade MC cartridge is housed in a one-piece aluminum body for optimized performance.

	MSRP
Apheta 3	\$1,995.00

APHELION 2 MOVING COIL CARTRIDGE

NEW FOR 2020! Featuring a boron rod cantilever fitted with Rega's Fine Line nude diamond profile stylus, with a super high-powered neodymium magnet and a hand wound coil on an iron micro cross for exquisite musicality.

	MSRP
Aphelion 2	\$4,995.00

PHONO STAGES

Available in:

FONO MINI A2D PHONO STAGE

The latest version of the multi-award winning Fono Mini A2D is now available. The same circuit in an all-new updated and restyled case to bring it in line with the rest of the Rega range.

Fono Mini A2D **MSRP
\$175.00**

Available in:

FONO MM PHONO STAGE

The Fono MM phono stage has been designed for effectiveness, ease of use, and the accurate reproduction of music. The Fono MM uses a fully discrete, cascaded, complementary amplifier input stage.

Fono MM **MSRP
\$395.00**

Available in:

FONO MC PHONO STAGE

Fono MC is an exceptionally high quality moving coil phono stage designed to maximize the potential of any moving coil cartridge. The Fono MC features full adjustability for loading via dip switches.

Fono MC **MSRP
\$495.00**

PHONO STAGES

Available in:

ARIA MK.3 PHONO STAGE

NEW FOR 2020! Housed within a brand-new, highly rigid half-width case, the Aria Mk.3 features two entirely separate, high-performance phono stages compatible with both Moving Coil and Moving Magnet cartridges.

Aria Mk.3

MSRP

\$1,495.00

Available in:

AURA MC PHONO STAGE

With the Aura MC phono stage, Rega has created the ultimate, fully-adjustable, three-stage, all-symmetrical moving coil phono pre-amplifier designed purely to extract the best performance from your vinyl playback system.

Aura MC

MSRP

\$5,995.00

SOURCE COMPONENTS

Available in:

APOLLO CD PLAYER

Housed in Rega's latest custom aluminum case to match the new styling of the Brio amplifier, the Apollo utilizes Rega's own custom chipset and software offering a truly unique level of performance.

	MSRP
Apollo CDP	\$1,095.00

Available in:

SATURN-R CDP & DAC

The Saturn-R CD-DAC player offers complete flexibility and integration into any system. Essentially two products in one, the Saturn-R houses a high specification transport and independent DAC circuit.

	MSRP
Saturn-R CDP & DAC	\$2,995.00

Available in:

ISIS CD PLAYER

Rega's flagship CD player, the Isis features discrete class A operational amplifiers and filters optimized for sonic performance with twin Burr Brown DACs running in parallel dual mono mode. Available in a tube/solid state hybrid version for those desiring tube attributes.

	MSRP
Isis	\$9,995.00
Valve Isis	\$10,995.00

REGA AMPLIFIERS

Available in:

IO AMPLIFIER

NEW FOR 2020! Rega's smallest integrated amplifier that boasts 30-watt of class AB power fueled by Rega's classic toroidal power supplies. Its small size can't hide its big sound and is perfect for new music lovers just starting their audio adventure.

IO

MSRP

\$595.00

Available in:

BRIO AMPLIFIER

The critically acclaimed Brio integrated amplifier offers 50 W per channel into 8 Ω and a completely new case to house its improved circuits and parts. A fully aluminum two-part case improves heat sinking capabilities. 1 MM and 4 line-level RCA inputs completes the design.

Brio

MSRP

\$995.00

REGA AMPLIFIERS

Available in:

ELEX-R AMPLIFIER

The multi-award winning Elex-R integrated amplifier improves upon the Brio design with a more stringent power supply regulation, advanced phono stage of the Elicit-R to deliver 90 W per channel into 6 Ω , easily capable of driving even demanding loudspeakers.

Elex-R

MSRP

\$1,695.00

Available in:

ELICIT-R AMPLIFIER

Providing 127 W per channel into 6 Ω , you will never be short of power. The Elicit-R combines a FET discrete line level pre-amp and a programmable stepped attenuator volume control, ensuring greater levels of performance. The MM phono can be switched to a line level input.

Elicit-R

MSRP

\$2,995.00

REGA AMPLIFIERS

Available in:

AETHOS AMPLIFIER

NEW FOR 2020! The Aethos is a dual mono design using a custom wound toroidal transformer and regulated supplies for the sensitive amplification and driver stages. The pre-amplifier stage uses class-A discrete circuitry throughout. A no-compromise product with one goal, to deliver your music as faithfully as possible. 156 W per channel into 6 Ω .

MSRP

\$4,495.00

Available in:

OSIRIS AMPLIFIER

A no compromise, super high performance, 162 Watts into 8 Ohms (250 Watt 4 Ohms), dual mono amplifier housed in a custom Rega CNC machined aluminium case. Designed around "minimalist" high gain power amplifier and "passive pre-amplifier" circuit topology, a passive volume control and a single stage of power amplification between the input and the speakers, the Osiris offers unrivaled performance and build quality.

MSRP

\$9,995.00

REGA LOUDSPEAKERS

Available in:

-  Walnut
-  Cherry
-  Black Ash

RX1 LOUDSPEAKER

The Rega RX-ONE Bookshelf / Stand-Mounted loudspeaker system delivers balance, detail and dynamics thanks to a unique handmade set of Rega designed drivers and crossovers. *Stand is for illustration purposes only.*

	MSRP
RX1	\$1,295.00

Available in:

-  Walnut
-  Black Ash

RX3 LOUDSPEAKER

The RX-THREE's are a small floorstanding loudspeaker with a dedicated side-firing bass driver. Bass response and imaging can be tuned by adjusting the distance of the speaker from the rear and side walls.

	MSRP
RX3	\$1,995.00

Available in:

-  Walnut
-  Cherry
-  Black Ash

RX5 LOUDSPEAKER

The RX-FIVE's are medium sized floorstanding loudspeakers with a dedicated side-firing bass driver. Bass response and imaging can be tuned by adjusting the distance of the speaker from the rear and side walls.

	MSRP
RX5	\$2,995.00

REGA LOUDSPEAKERS

RS10 LOUDSPEAKER

The RS-10 loudspeaker uses a BMR (Balance Mode Radiator) to handle the majority of the audible music spectrum. Assisting the BMR driver is the ZRR-10 tweeter, featuring Rega's ZRR (Zero Rear Reflection) technology. Foundational bass is created using twin 8" woofers housed in segmented cabinets, wired in parallel. Proprietary EMS (Environment Match Settings) allows owners to adjust the sound to their specific room acoustics. High-Gloss Cherry adds the perfect touch to even the most formal spaces. Rega has created a loudspeaker with the speed and phase coherency of an electrostatic design, with the wide dynamics and smaller size of a traditional loudspeaker. This concept works remarkably well and produces a musical transparency normally associated with electrostatic loudspeakers.

Available in:

MSRP

\$12,995.00

High-Gloss Cherry

REGA ACCESSORIES

DRIVE BELT

Custom made high quality Rega turntable drive belt. We recommend changing the drive belt approximately every five years to ensure accurate speed performance.

	MSRP
Drive Belt	\$39.00

REPLACEMENT MATS

For the Planar 3, 6, and 8 choose from the original black mat or stand out with a new bold Red, Blue, Yellow, or White mat. For the Planar 10, get a Black or White Merino wool mat.

	MSRP
Mat	\$30.00
Colored Mat	\$35.00
Planar 10	\$39.00

NEO

Using the DSP generator used in the RP10 PSU, the Neo turntable power supply boasts a high stability crystal. The Neo features an advanced anti-vibration circuit, fine motor speed adjustment and the convenience of electronic speed change.

	MSRP
60HZ	\$395.00
50HZ P7,RP6/8,PL6/8	\$395.00

REGA ACCESSORIES

STROBE

This accessory is designed to evaluate the speed of any turntable. The hand-held strobe unit generates a 100 Hz pulsed light source for use with the supplied 180-line stroboscopic disc.

	MSRP
Strobe	\$105.00

ATLAS

The Atlas is a premium tracking force gauge providing reliable and accurate measurement to optimize the set-up of your cartridge and tonearm. Inside the durable aluminum casework is a highly stable load cell and precision amplification circuitry.

	MSRP
Atlas	\$245.00

REFERENCE MAINS

High specification IEC and mains plugs. The cable is constructed from the highest quality 1.5mm² copper conductors with fully earthed, braided & tinned, copper RF screen.

	MSRP
60HZ USA	\$195.00

REGA ACCESSORIES

COUPLE 2

These plugs employ an outer locking sleeved RCA to clamp to your amplifier phono sockets to ensure the best performance. Simply loosen off the silver sleeve before fitting, then tighten to maximize contact and performance.

	MSRP
Couple 2	\$195.00

DUSTCOVER

Transparent poly hinged dustcover for Planar 1, 2, 3. Also available, a dustcover for the Planar 6 with a smoked finish, along with a uniquely designed cover for the Planar 8 and 10, which provides the lowest system mass goals while playing.

	MSRP
Dustcover	\$90.00
Planar 6	\$90.00
Planar 8/10	\$175.00

WALL BRACKET

Wall mount available in both black and white. A separate wall mount is also available for the Planar 8 and 10.

	MSRP
Wall Bracket	\$225.00
Planar 8/10	\$225.00

REGA ACCESSORIES

24V MOTOR KIT

Compatible with the Rega Neo and TT-PSU external power supply which incorporates an advanced anti-vibration circuit and offers even greater stability. Not Compatible with current Planar 1 and Planar 2 models

Motor Kit	MSRP \$225.00
-----------	------------------

2MM SPACER

2mm stainless shim for older Rega tonearms RB250/ RB300 that mount using a nut on the underside.

2mm Spacer	MSRP \$15.00
------------	-----------------

2MM 3-POINT SPACER

This three point aluminum spacer replaces the previous plastic spacer and offers better performance and support for the tonearm. Available in Anodized Aluminum or Stainless Steel.

Aluminum	MSRP \$29.00
Stainless	\$39.00

REGA ACCESSORIES

A VIBRATION MEASURING MACHINE

This innovative new book opens with an in-depth history of the company from the birth of it's founder, Roy Gandy, to the present day, detailing the key events and the creation of new products along the way.

	MSRP
Book	\$49.00

TUNGSTEN COUNTERWEIGHT

Replacement Counterweight for Rega tonearms. The standard counterweight weighs 100 grams. For heavier cartridges, use the 120g Heavy Counterweight.

	MSRP
100 gram	\$120.00
120 gram	\$160.00

REMOTE CONTROLS

The Rega mini remote functions with all IR-capable Rega products and offers basic functions. For full functionality, upgrade to the Solaris remote.

	MSRP
Mini	\$80.00
Solaris	\$125.00

REGA ACCESSORIES

POWER SUPPLIES

The PS2 100mA Power Supply works with your current model Planar 1, 2, and 3 as well as the Fono Mini A2D. The PS1 350mA Power Supply will work for all other accessories and units.

	MSRP
PS1	\$75.00
PS2	\$75.00

NEO, TT-PSU REPLACEMENT CABLE

This 2M custom version of the Neo / TT-PSU DIN lead is a custom made Power DIN to Power DIN. * Only works with Neo or MK2 TT-PSU and newer manufactured from 2011. Not compatible with MK 1 TT PSU.

	MSRP
1 meter	\$40.00
2 meter	\$50.00

TURNTABLE PACKING

Replacement Turntable packing featuring complete box and packing.

	MSRP
Planar 1	\$40.00
Planar 2/3	\$75.00
Planar 6	\$80.00
Planar 8	\$180.00
Planar 10	\$200.00

REGA ACCESSORIES

45 RPM ADAPTOR

This stylish Rega-branded record adaptor has been designed to be used with your 45rpm records that no longer have the centers, enabling you to play your old favourites.

	MSRP
Adaptor	\$25.00

TORQUE WRENCH

Rega's torque wrench takes the guess work out of cartridge mounting by insuring all screws are evenly torqued. This creates an optimum coupling between the cartridge and tonearm.

	MSRP
Wrench	\$245.00

CARTRIDGE TRADE **BACK & UPGRADE**

Whether it's normal wear and tear or a tragic accident resulting in a bent cantilever, at some point there will come a time you need a new cartridge. Now, you can turn that accident into an opportunity to upgrade!

The process is really simple. Talk to your local Rega retailer and let them know you'd like to trade up your Rega Cartridge.

They'll take your original cartridge and send it back to us and give you a credit equal based on the model you trade in.

Then you can apply your credit to the purchase of a replacement cartridge of the same model OR upgrade to a higher-end model for the price listed in the table below. Note that the credit may NOT be applied to a unit of lesser value.

Aphelion Rebuild exchange

Rebuild required. Savings case by case

	MSRP
Apheta 3 Trade-in exchange (\$500 MSRP savings)	\$1,495
Ania Pro Trade-in exchange (\$300 MSRP savings)	\$795
